

Proposal Review for Third Year of Operations

NASA, the European Space Agency, and the UK's Science Research Council have recently issued a joint letter announcing that proposals are being received for observing during the third year of IUE operations. Proposals in hand in early October, 1979 will be considered for the observing year starting in May, 1980. Each agency will conduct its own proposal review and anyone wishing to propose should write to the most appropriate agency, requesting detailed proposal instructions. The addresses are as follows:

For NASA: Dr. Donald K. West
 Code 685
 Goddard Space Flight Center
 Greenbelt, MD 20771
 USA

For ESA: Dr. Michael Penston
 ESA Villafranca Satellite Tracking Station
 Apartado 54065
 Madrid
 SPAIN

For UK: Mr. Peter Casey
 Science Research Council
 P. O. Box 18
 North Star Avenue
 Swindon, SN 12 1ET
 UK

Please call the attention of your colleagues to this proposal opportunity.

Albert Boggess
