NASA NEWSLETTER FOR
INTERNATIONAL ULTRAVIOLET EXPLORER (IUE)

NO. 15

Dear Colleague:

We are pleased to send you the IUE Newsletter No. 15, which contains the merged log of observations covering the period 1981 April 1 through May 31 as well as several other contributions of interest to the IUE users.

We are including the announcements of two IUE symposia in 1982. One is scheduled at Goddard Space Flight Center on 1982 March 30 through April 1; the other at Madrid is tentatively planned for 1982 May 4 through 6. We hope that you will be able to take part in at least one of the two conferences.

As before, Mona Cooper and Dr. Peter Perry provided the essential support for preparation of this newsletter.

Sincerely,

A handwritten signature in cursive script that reads "Yoji Kondo".

Yoji Kondo
